

About CiTC

As featured in the newsletters of last year CiTC has partnered with Eternity, the largest health screening center in the Middle East.

Recently Eternity has further expanded into corporate health screening and has signed over 15,000 employees throughout the Middle East. Some of the largest companies are taking part of this new “wellness revolution”.

Whether you need your annual health screen, genetic profiling, bioidentical hormone replacement therapy, your heart checked or our revolutionary stem cell therapy, please contact Eternity to take advantage of your CiTC discount.

CiTC Summer Discount: Get 20% off on all Eternity health screens

About Eternity

Eternity is the largest health screening center in the Middle East with global partnerships to include Harvard University, Vantari Genetics, Bioscience Stem Cells and many other global leaders in the industry.

Recently Eternity added the following services:

Corporate Screening: Eternity screens some of the largest companies such as Mashreq, DU, NBAD, Jumeirah and many more.

Erectile Dysfunction (ED): Eternity received Ministry of Health approval for a new erectile dysfunction program with a 95% success rate.

Genetics: Eternity has signed with one of the largest genetics labs, “Vantari” who provides full genetic profiling.

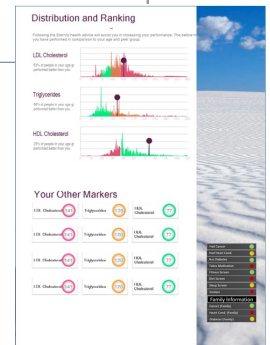

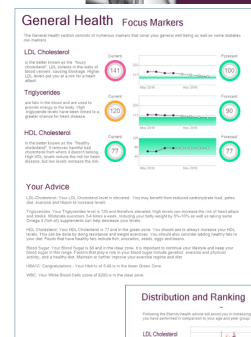

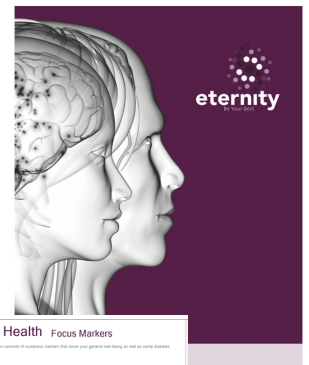

Stem Cells: Eternity offers the revolutionizing Invitrx Stem Cell procedures.

Eternity is always adding new products and services in order to offer the best medical approach the world has to offer.
