

### About CiTC

CiTC has further expanded its portfolio and signed a dealership agreement for Sloan, Danfoss and E.H.Wachs Blades.

At CiTC we are always looking for the best products with the best values for you.

In our portfolio we represent now more than 300 companies allowing us to get the best prices and delivery time for you.

Our quotation team in Colorado, US and Dubai, UAE is working for you 24 hours a day in order to support you around the clock. We understand that your projects can not wait.

### About Danfoss

Danfoss is a leading technology company with more than 23,000 employees. The Danfoss pumps and motors power many of today's equipment around the world. From high pressure pumps to high performance motors—we have the solution for you.

### About E.H. WACHS

Since 1883 E.H. Wachs® has manufactured the finest line of portable machine tools designed to cut, face, bevel and counterbore tube, pipe and vessels. The company has the industry's most complete line of products for most applications, schedules and sizes ranging from .5in to 120in (25.4-3048mm).

### SLOAN

The world's leading manufacturer of commercial plumbing systems, offering water-saving restroom solutions that are built to last a lifetime.
